

# THE EASY WAY TO COLOUR YOUR LIFE.

Calliope® geraniums will inspire you to create vibrant, colourful gardens that will be beautiful all season long. These plants are easy to care for, have outstanding garden performance and produce an abundance of long-lasting flowers.

Before being planted outside, young Calliope® geraniums need to be cared for indoors. Follow these steps to get them off to the best possible start.

## Transplanting Calliope®

1. Water the plants while still in the tray and leave them to drain.
2. Fill a pot, at least 9cm in diameter, with compost and make a hole for one plant.
3. Gently move the plant from the tray and place in the hole.
4. Fill with compost and press it level with the top of the rootball.
5. Water immediately.
6. Place pot in an area where there is sunlight.
7. After two weeks, add liquid fertilizer and continue applying every two weeks.
8. Keep inside for 6-8 weeks or until they fill the pot.
9. Plant outside in a flower bed, border, pot or hanging basket.

## Enjoy your Calliope® geraniums... now enter our competition 'Calliope My Life'

Including these Calliope® plug plants in your displays makes you eligible to enter this year's 'Calliope My Life' competition. This category is designed to be fun and fire up your imagination. We encourage you to follow the Calliope® care instructions overleaf in order to create inspiring, colourful and creative displays!

## Winner will receive £500 + 100 Calliope® geranium plug plants

Enter your display by visiting [cultivationstreet.com](http://cultivationstreet.com). Closing date: 5th August. The winner of the 'Calliope My Life' competition is decided by public vote. Voting will take place on our website after the closing date. The winner will be announced on our website on 15th September 2019. For more information on what makes a 'Calliope My Life' winning entry, visit our website to see examples of last year's shortlisted candidates.

to use  
#CalliopeMyLife

Cultivation Street is a community gardening campaign founded by Chartered Horticulturist and broadcaster David Domoney, to help people grow and garden together. Its annual competition, sponsored by Calliope®, is a huge part of the campaign and aims to reward the hard work done by schools and communities in their gardens and outdoor spaces.
